

## Sports Pupil Premium

Schools receive a grant allocation for PE and Sports which is spent to improve the quality of the PE and sport activities within the school.

Total funding received by Wigton Moor Primary School for:

2014/15	2015/16	2016/17
£5688	£5688	£4062

Ways in which Sports Premium is used to improve the quality of PE and Sport activities:

- Leeds City Council Active Schools membership – it’s mission is to “Promote and develop, through collaboration and partnership, a sustainable system for PE, Sport and Physical Activity that enriches the lives of all children and young people”.
- Membership includes access to resources, sharing of good practice and community partnerships.
- Lunchtime sports provision by Soccer Juniors in both KS1 and KS2 playgrounds on a daily basis.

Soccer Juniors Sports Provision – their aim is to encourage all children to have the opportunity to participate in structured and organised sport. The sports provided won’t just be the traditional ones but a wide variety to engage the children in physical activity not just competitive sport.

Listed below are a number of key areas how participation in the lunchtime sports will help improve both the children and school.

- Health – helps towards the recommended 5 active hours per week of exercise.
- Confidence – by setting realistic goals for the children in the variety of sports making them enjoyable and fun.
- Behaviour – by managing, monitoring and refereeing the sports this will help prevent any negative experience spilling over during lunchtime and afternoon lessons.
- Good Practice – their coaches will ensure that all children will have a positive experience in a safe environment.
- Improve teachers knowledge and understanding – teachers are welcome to observe the coaches for support with ideas, delivery methods and additional subject knowledge.
- Participation – they hope to encourage tomorrow generation to participate more in sport and physical activity, irrespective of gender, race or ability. By having a register for each day Soccer Juniors and the school are able to record how many children are taking part.
- Variety of sports – team, individual, target, invasion, striking games. By offering a wide variety of sports we believe this will encourage more children to participate and have enjoyment from taking part.

Lunchtime sports will help the children improve skills and technique, with participation that leads towards ownership and self-learning allowing the children to think for themselves. Sports will be regularly changed to allow for enjoyment and creativity.

**Funding required to provide sports activities in the school:**

<b>2014 – 2015 – Allocation £5,688</b>	
Active Schools SLA	£1,000
Sports Instructor	7 hours per week – lunchtime – April 14 to October 14 £1,590
Soccer Juniors	Nov 14 to March 15 1.5 hours @ £25.00 per hour x 5 days = £187.50 per week x 18 weeks

	£3,375
<b>Total spent:</b>	<b>£5,965</b>

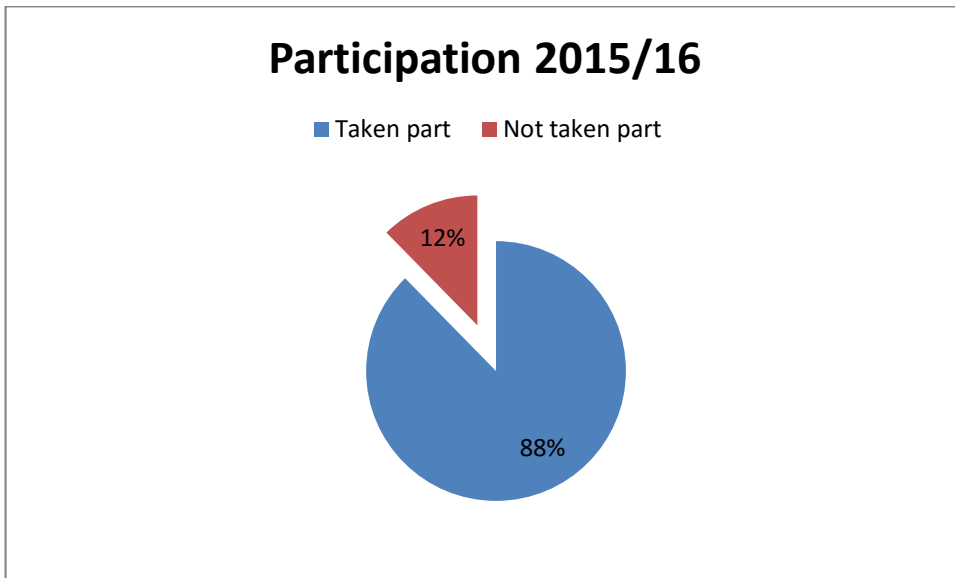

<b>2015 – 2016 – Allocation £5,688</b>	
Active Schools SLA	£1,000
Soccer Juniors Lunchtime	KS1 – 3 days per week 1 hour KS2 – 5 days per week 1.5 hours Total 10.5 hours per week x £25 per hour x 38 weeks £9975
<b>Total spent:</b>	<b>£10,975</b>

<b>2016 – 2017 – Allocation £4,062</b>	
Active Schools SLA	£1,000
Soccer Juniors Lunchtime	To be decided
<b>Total spent:</b>	<b>£</b>

**Impact**

Every year we carry out a survey for PE and School Sports, as well as keeping regular record of the participation in lunch time sports, Soccer Juniors, and school sports clubs/teams. The results of the survey from 2014/15 can be found at: <http://www.wigtonmoor.leeds.sch.uk/pesurvey.pdf>

**Impact on participation**

From the register, between September 2015 and February half term, 206 of the 235 pupils in Key Stage 2 have taken part in a lunch time sporting activity. With some classes having 100% participation levels – well done to 5B!

This is further supported by the comparative graph below (the data from this is from earlier in the year and as a result shows 80% participation not 88%).

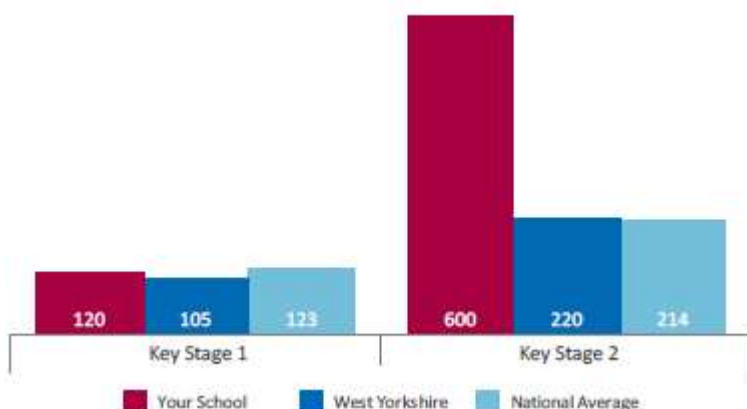

On average, approximately what percentage of your pupils attends any form of extra-curricular sport or physical activity opportunities per week?

As you can see, Wigton Moor Primary school is significantly higher than both national and for West Yorkshire.

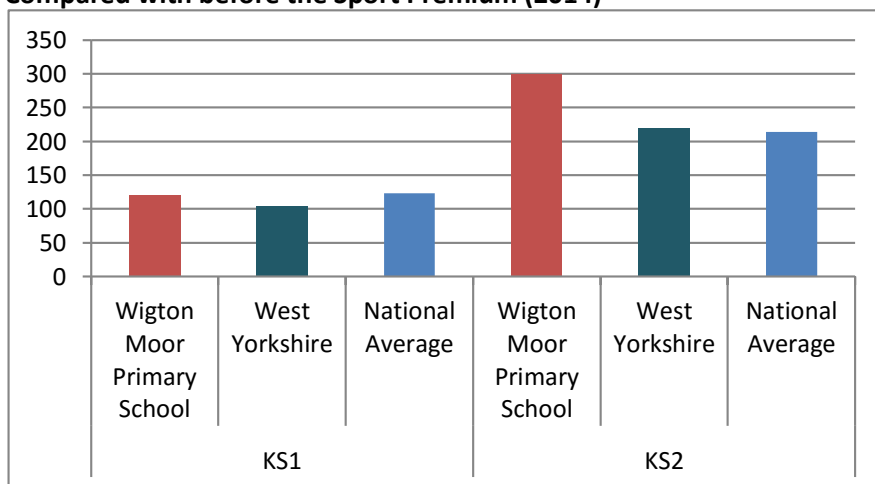

Furthermore the graph below demonstrate the amount of hours available for pupils to participate in extracurricular activities.

On average, how many minutes of extra-curricular sport and physical activity per week does your school offer pupils?

Since this data has been published we have arranged for lunch time activities for each key stage . This means that the number of hours for extracurricular activities now stands at 300, more than double national and nearly three times that of the rest of West Yorkshire.

#### Compared with before the Sport Premium (2014)

Average how many hours of extracurricular activity and sport on offer to our pupils You can see a marked improvement in participation levels. 88% of pupils are now taking part in these activities.
